

Douglas Chiemela .N

I.C.T instructor and web developer

Am an Instructor and a web developer, am obedient and hardworking. I believe in team work though I can work personally. I also love to teach others and also love to help humanity with the skill I've acquired. Am a focused and task oriented person who has the ability to solve problems. I can manage resources usefully and I also strive to success and achievements. I dream to make the world better place by creating captivating products.
